## **DETAILED ACTION**

### ***Response to Amendment***

1. In papers filed on November 1, 2004 applicant addressed the double patenting issue raised against this application and another application 09/693,301 by amending the claim 1 of the instant application such that claims are no longer coextensive. Double patenting rejection was removed.

Applicant also provided a new IDS dated February 9, 2005 which was considered by the examiner.

Applicant, in response to examiner's request, and under a Supplemental Amendment dated April 26, 2005 corrected claims 13, 14, 58 and 67 to remove the improper multiple dependent claims.

### ***Allowable Subject Matter***

2. Claims 1-67 are allowed.

3. The following is an examiner's statement of reasons for allowance: The prior art and the prior art of record, specifically Strobel does not teach or suggest a printer including a data input module for receiving document data from a computer system, the document data include identity data indicative of at least one identity, the identity being associated with at least one region of the interface, a coded data generator configured to generate the coded data based at least partially on the identity data.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue
